CONNECT

Connect with your audience

Think of it like speed dating – you have 30 seconds to make your first impression – and that first impression could change your life (and everyone else's) FOREVER

- Who are you and what is your passion?

A wide-angle photograph of a lush, colorful garden. In the foreground, several people are engaged in creative activities: one man plays a cello, another plays a guitar, and others paint on easels. The garden is filled with a variety of plants, including numerous cacti of different shapes and sizes, and flowers in shades of pink, purple, yellow, and blue. A small stream or path winds its way through the rocks and foliage. In the background, a range of mountains is visible under a clear blue sky.

PROBLEM TO SOLVE

*What is the problem you are trying to solve? and
Why should I care?*

- Who or what does it impact?
- Humanise it – Create empathy for the creatures (human or otherwise) impacted
- Use a short story and KILLER DATA (this is an AI Hack after all)

Make sure you describe the problem you are solving (not necessarily the one that you set out to solve)

YOUR BIG IDEA

Explain your innovation

- How does it solve the problem?
- AND how does your innovation meet the brief?
- Show us your prototype (High Fidelity or Click-through slideware is fine)
